The Climate Registry

The Cool Planet program provides utility business customers with education and technical training to measure and manage their energy use and greenhouse gas emissions. The Cool Planet program is funded by California utility rate payers and administered under the auspices of the California Public Utilities Commission, through a contract awarded to The Climate Registry. California customers who choose to participate in this program are not obligated to purchase any additional services offered by the contractor. This program is offered on a first-come, first-served basis from 4/5/2017-12/31/2017 or until funds are depleted. Terms and conditions apply.
