PRESS CONFERENCE at COP25: North American Sub-National Climate Collaboration and Progress

Media are invited to join us for a press conference hosted by The Climate Registry and the Climate Action Reserve and featuring prominent government leaders from seven U.S. states. They will discuss how they are working separately and together on climate and energy initiatives. Media will have an opportunity to ask questions at the end of the conference.

When: Tuesday, December 10, 4-4:30pm (CET)

Where: Room MOCHA (press conference room) in Hall 4 of the COP25 IFEMA venue

The press conference will also be webcast live on the UNFCCC website https://unfccc-cop25.streamworld.de/live

Who:
- Jared Blumenfeld, Secretary, California Environmental Protection Agency
- Chris Davis, Senior Policy Advisor, Climate and Energy Affairs in the Governor’s Office, State of Washington
- Asm. Eduardo Garcia, California State Assembly
- Scott Glenn, CEO of Hawai’i State Energy Office
- Ben Grumbles, Secretary of the Environment, State of Maryland
- Christine Kirby, Assistant Commissioner, Bureau of Air and Waste, Massachusetts Department of Environmental Protection
- Tim Sexton, Chief Sustainability Officer, Director, Office of Sustainability and Public Health, State of Minnesota
- Sen. Robert Wieckowski, California State Senate
About The Climate Registry
The Climate Registry (TCR) is a non-profit organization governed by U.S. states and Canadian provinces and territories. TCR designs and operates voluntary and compliance greenhouse gas (GHG) reporting programs globally, and assists organizations in measuring, reporting and verifying (MRV) the carbon in their operations so they can manage and reduce it. TCR also builds GHG MRV capacity in sub-national and national governments, and is spearheading innovative new projects such as the Water-Energy Nexus Registry. About the Climate Action Reserve
The Climate Action Reserve is an environmental nonprofit organization that promotes and fosters the reduction of greenhouse gas (GHG) emissions through credible market-based policies and solutions. A pioneer in carbon accounting, the Reserve serves as an approved Offset Project Registry (OPR) for the State of California’s Cap-and-Trade Program and also establishes high quality standards for offset projects in the North American voluntary carbon market and operates a transparent, publicly-accessible registry for carbon credits generated under its standards. Drawing from its experience and expertise in GHG accounting, the Reserve launched the Climate Impact Score program to quantify and assess the climate impact of projects financed by investments and the Climate Forward program to foster proactive investment in future GHG reduction projects as a means to address emissions that are forecasted to occur. Additionally, the Reserve hosts the annual North American Carbon World conference, the premier event for climate and carbon professionals to learn, discuss, and network. The Reserve is a private 501(c)3 nonprofit organization headquartered in Los Angeles, California with satellite offices around the U.S. For more information, please visit [www.climateactionreserve.org](http://www.climateactionreserve.org).
